Summary

Frontend Developer with 5 years' experience building responsive and accessible web applications using React and TypeScript. Skilled in creating user-focused interfaces that improve engagement and support business goals. Strong eye for design, with the ability to deliver pixel-perfect UIs while maintaining clean, scalable, and reliable code. Passionate about learning new technologies and building modern solutions in fast-paced development environments.

Professional Experience

Jan 2023 – Present
Lagos, Nigeria

Frontend Developer

!Nottechltd

- **Led** development of responsive web applications using React.js and TypeScript, ensuring optimal performance across devices.
- **Built UI** components from Figma wireframes, reducing rework by 80%.
- **Optimised** application speed and scalability, improving load time by 25%.
- **Collaborated** closely with backend developers to **integrate** RESTful APIs and external services seamlessly.
- **Streamlined** cross-browser compatibility to ensure a consistent user experience on various platforms.
- **Spearheaded** the adoption of new frontend technologies, keeping the team at the forefront of emerging trends.

Jun 2022 – Oct 2025
Lagos, Nigeria

Software Developer

Access Bank Plc

- **Developed** and **maintained** responsive web applications using React.js, HTML, CSS, and JavaScript, improving user engagement.
- **Integrated** frontend components with backend systems, enhancing data flow and application performance.
- **Collaborated** with UI/UX designers to **deliver** user-friendly interfaces that improved accessibility and user experience.
- **Optimised** application performance, reducing load times and enhancing cross-browser compatibility.
- **Streamlined** business workflows by automating processes using ProcessMaker, boosting operational efficiency.
- **Worked** in Agile environments, delivering high-quality features and ensuring timely project completion.
- **Trained** team members on ProcessMaker functionality, ensuring seamless adoption and effective use across departments.
- **Optimised** front-end code to improve performance, speed and scalability, reducing load times and enhancing web application efficiency.

Mar 2025 – Sep 2025
Lagos, Nigeria

Lead Frontend Developer

meCash

- **Spearheaded** the development of responsive web applications using React.js, Next.js, and TypeScript to improve user engagement.
- **Collaborated** with UX/UI designers and backend developers to **deliver** seamless, pixel-perfect interfaces for optimal user experience.
- **Optimised** web applications for performance, enhancing loading times and accessibility to provide users with a smoother interaction.
- **Implemented** state-of-the-art frontend solutions while maintaining a clean and scalable codebase, reducing bugs and improving team productivity.
- **Led** weekly sprint planning sessions, ensuring that all deliverables were completed on time and to the highest standard.
- **Mentored** junior developers, sharing knowledge on best practices in React.js and frontend development techniques.

Aug 2023 – Aug 2025
Lagos, Nigeria

Frontend Developer

ARM Pension

- Discussed design adjustments and modifications with UI/UX designers.
- Ensured UI elements closely followed design specifications.
- Added new frontend features and integrated them with backend APIs.
- Improved site performance, load speed and SEO through targeted frontend changes.

Aug 2021 – May 2022

Software Developer

Decagon Institute

- Designed user-friendly software to improve accessibility and responsiveness.
- Reviewed proposed UI and UX designs for technical feasibility by collaborating with back-end development personnel.
- Continuously studied and improved abilities with wide range of web technologies, design tools and programming practices.
- Devised and implemented robust data protection and security measures.

Dec 2019 – Jul 2021

Software Developer

ANOC Services

- Integrated knowledge of application layer protocols into growing development responsibilities.
- Worked with engineering teams to define project scope and understand the planning process.
- Participated in seminars and additional training to expand knowledge and skills.
- Produced code in programming languages such as Javascript and to create the most effective and clean websites.

Skills			
• Frontend Development	• HTML	• CSS	• Bootstrap
• JavaScript	• React.js	• Next.js	• TypeScript
• Tailwind	• Node.js	• Express.js	• React Native
• Pug.js	• MongoDB	• Postgres	• MySQL
• Process Automation	• AWS (Amplify)	• Jest	• WCAG
• GCP Cloud			

Education

Sep 2015 – Sep 2019

Anambra, Nigeria

BSc

Anambra State University

Certificates

- Microsoft Certified: Azure AI Fundamentals
- Microsoft Certified: Security, Compliance, and Identity Fundamentals
- Microsoft Certified: Azure Data Fundamentals
- Microsoft Certified: Azure Fundamentals
